

Weekly COVID-19 Weekly Report October 19, 2020

Governor DeWine announced an Ohio Department of Health order that requires school districts to publicly share Covid-19 data. Each district is required to provide non-identifying information about positive COVID-19 cases publicly available. We will not share the names of students and/or staff within the COVID-19 report. Each Monday, Washington Local plans to share the data from the previous week on our website. Daily updates are shared with the Toledo-Lucas County Health Department.

October 19, 2020 (Previous Week's Data)	This Week's Numbers	Changes from Last Week	Total Population Size	Percentage of Population
Employees Quarantined	8	+8	825	1.0%
Students Quarantined	34	+34	6803	0.5%
Employees Isolated	6	+6	825	0.0%
Students Isolated	0*	0	6803	0%
COVID-Positive Staff Members	2	+2	825	0.2%
COVID-Positive Students	4	+4	6803	0.06%

*Students who are isolated would be reported to the attendance line as having COVID-like symptoms. All isolated students must remain home for 10 days or supply a doctor's note with an alternative diagnosis

Definitions

- **Quarantined:** When someone comes into direct contact with a COVID-19 Positive person.
 - Must quarantine for 14 days (symptoms can start 2-14 days after exposure)
 - Quarantine begins on the last day the person had contact with the positive person
 - Ends only when the person is symptom-free for 14 days
- **Isolated:** Isolation is for a sick individual. Isolation includes
 - 10 days of self-isolation *and* AT LEAST
 - 1 day fever-free without use of fever reducing medications
 - Return to school/work if symptoms have significantly improved

*Washington Local School district cannot disclose specific case information due to FERPA/HIPAA laws.
